# CITY AND COUNTY OF BROOMFIELD CASH AND INVESTMENT REPORT August 2013

Broomfield manages the cash and investment portfolio in a way that maximizes, in order of priority, (1) safety of principal, (2) liquidity to meet cash flow needs, and (3) yield as available in the current markets.

Broomfield's investment policies, as previously adopted by City Council, and conservative investment practices have resulted in continued safety of deposits and yield performance at a level higher than the stated benchmark level while meeting all cash flow requirements.

# **Recent Investment Activity**

In June, Broomfield purchased \$15M in new FHLB securities. \$10M of these will mature in 2017 and the other \$5M could be called before 12/19/14 or would mature in 2018 if not called. In August, Broomfield purchased \$5M in FHLB notes that mature on 8/15/2017.

# **Weighted Average Maturity and Interest Earnings**

- The weighted average maturity of Broomfield's cash and investments at August 31, 2013 is 24.65 months.
- Interest earnings are posted in the month after they are earned. August interest earnings to be posted in September are \$196,419.. Year to date interest earnings including August amounts are \$1,289,546.
- The projected average yield (interest income) on the portfolio for 2013 is 0.8%, which outperforms the local government investment pool benchmark of 0.12%.
- Annualized earnings on investments for the years 2013, 2012 and 2011 are displayed in the table below.
  This demonstrates the reductions that have been recognized nationally in interest earnings and yields as a result of the economic downturn and the Federal Reserve policies to keep interest rates low.

	2013 (Estimated)	2012	2011
Average Cash Balance	\$210,000,000	\$197,220,693	\$181,725,383
Interest Earnings	\$1,700,000	\$1,856,983	\$3,257,026
Yield	0.8%	0.94%	1.79%

# **Cash Flow Model**

Broomfield uses a 5 year cash flow model to analyze and plan for cash management. Funds to be invested are identified and managed through investments as allowed by Colorado statute, Broomfield's home rule charter, and Broomfield's Municipal Code (Chapter 3.18).

#### **ELIGIBLE INVESTMENTS - BROOMFIELD INVESTMENT POLICY**

Subject to the limitations of this Policy, all investments and depositories authorized by the following state statutes shall be allowed by the City: Colorado Revised Statutes: C.R.S. 11-10.5-101 *et. seq.*, Public Deposit Protection Act; C.R.S. 11-47-101 *et. seq.*, Savings and Loan Association Public Deposit Protection Act; C.R.S. 24-75-601 *et seq.*, Funds Legal Investments; C.R.S. 24-75-601 *et. seq.*, Depositories; C.R.S. 24-75-702, and Local governments – authority to pool surplus funds. Any revisions or extensions of these sections of the C.R.S. will be assumed to be part of this Policy immediately upon being enacted. However, in the event that amendments to these statutes conflict with this Policy and past City investment practices, the City may delay adherence to the new requirements when it is deemed in the best interest of the City to do so and the existing Policy shall govern the City's investments.

Rating categories defined by nationally recognized statistical rating organizations (NRSRO) include firms such as Standard and Poor's and Moody's Investor Services. For example, the second highest rating category will include AA+, AA, and AA- for Standard and Poor's and Aa1, Aa2, and Aa3 for Moody's Investor Services. Credit rating criteria refer to the rating at the time the security is purchased. In the event an issuer is downgraded below the minimum rating level for any specific security that is held in the Portfolio, the Finance Director will review the exposure of that security holding and will determine if it is advisable to sell such holding.

Maturity restrictions shall be calculated from the settlement date to maturity date.

#### **Eligible Investments**

The eligible types of securities and transactions are as follows:

- 1. U.S. Treasury Obligations
- 2. U.S. Agency Obligations
- 3. Time Deposits/Time Certificates of Deposit (CD's)
- 4. Corporate Bonds
- 5. Municipal Bonds
- 6. Commercial Paper
- 7. Eligible Banker's Acceptances
- 8. Negotiable Certificates of Deposit
- 9. Repurchase Agreements
- 10. Local Government Investment Pools (LGIP)
- 11. Money Market Funds
- 12. Other investments- As permitted under CRS24-75-601 et. seq.

# **Diversification and Asset Allocation**

It is the intent of Broomfield to diversify its investment portfolio. Investments shall be diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, issuer, or class of securities.

Broomfield does not make investments for the purpose of trading or speculation, but, rather, with the prevalent intent to hold securities to maturity. The prohibition of speculative investment precludes pursuit of profit through unusual risk or conjectural fluctuations in market prices. However, fluctuations in market rates or changes in credit quality

may produce situations where securities may be sold at a nominal loss in order to mitigate further erosion of principal or to reinvest proceeds of sale in securities that will out-perform the original investment.

# **CREDIT QUALITY OF BROOMFIELD'S INVESTMENTS**

# **Credit Quality Risk**

Broomfield's investment policy limits the types of investments available and thereby establishes the credit risk allowed on investments. The majority of investments are made in bonds or other obligations of the United States Government, agencies which are backed by unconditional guarantees of the United States Government, investments in government-sponsored enterprises, or investment pools which are all discussed more fully below. The effects of the downgrade by Standard and Poor's from AAA to AA+ for the United States June create some uncertainty. This remains the safest type of investment for Broomfield to hold as compared to other vehicles for long term investments.

Broomfield's investments in U.S. Agency securities issued by the Federal Farm Credit Bank (FFCB) and the Federal Home Loan Bank (FHLB) are rated AA+ by Standard and Poor's and Aaa Moody's Investor Service. These securities are indirectly guaranteed by the U.S. Government. With declining interest rates continuing to be the norm for investments, we will continue to see the federal government call outstanding issues and as bonds are called or mature they will be replaced with bonds bearing lower interest rates. \$10,000,000 in bonds were called in June, 2013. Another \$13,000,000 in bonds will mature during 2013. Few of our other bond holdings have call provisions, so we anticipate holding them until maturity

Local Government Investment Pools: Broomfield's investments in Colorado Local Government Liquid Asset Trust Plus+ (Colotrust) are rated AAAm by Standard and Poor's, AAA/V1 by Fitch's and Aaa by Moody's Investor Service. Broomfield's investments in the Colorado Surplus Asset Fund Trust (CSAFE) and the Colorado Statewide Investment Program (CSIP) are rated AAAm by Standard and Poor's. CSAFE, CSIP, and Colotrust are investment vehicles established for local government entities in Colorado to pool surplus funds for investment purposes. Colotrust, CSAFE, and CSIP are routinely monitored by the Colorado Division of Securities with regard to operations and investments, which are also subject to provisions of C.R.S. Title 24, Article 75, Section 6. Net asset values per share in the ColoTrust Plus+, CSAFE, and CSIP investments pools are reported in their annual reports as \$1.00. The fair value of our position in the pools is the same as the value of the pool shares.

# Colorado Public Deposit Protection Act (PDPA) Custodial Credit Risk

Guidance from the Colorado Division of Banking concludes that public deposits collateralized under PDPA and held in the name of the government have no custodial credit risk. Colorado state statutes govern Broomfield's deposit of cash. The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. State regulatory commissioners have indicated that all financial institutions holding deposits for Broomfield are eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA.

PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.
