SERVICES

HELPING YOU  
CELEBRATE LIFE

*Since 1898*

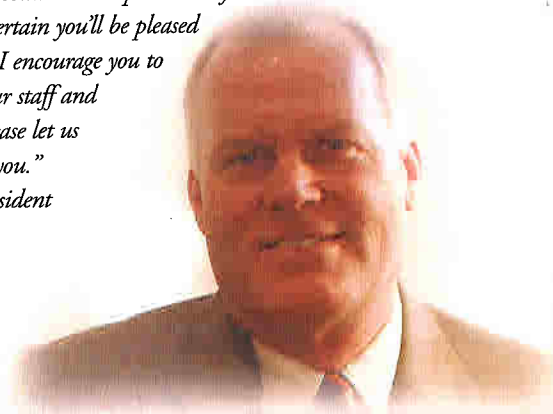

## *The comfort of family*

Inspired by three preceding generations of dedicated and personal service, Geoff Howe joined his family's firm in 1980. Since then, he and his staff have honored the more than a century-old tradition of providing comprehensive, professional care to families just like yours.

*"With warmth and understanding as our guides, we are honored to serve you with personal attention and dignity. Through the values set forth by my family before me, and the commitment provided by the staff day after day, I am certain you'll be pleased with the care you receive. I encourage you to visit our facilities, meet our staff and compare our offerings. Please let us know how we may assist you."*

*—Geoffrey W. Howe, President*

## *Our helpful and caring staff*

At Howe Mortuary and Cremation Services, each of our directors is certified and professionally trained to provide the most comprehensive, knowledgeable care in the area. Our expertise is just one of our many offerings to families.

Whether you prefer cremation, burial or any other means of disposition, our staff will provide the knowledge and guidance to help you make an informed decision. Our directors will be honored to discuss the many options available to make the services meaningful and affordable.

Whether a grand event or a quiet observance, the services you choose will truly be your own.

Living with the loss of a loved one is difficult. For those in need of comfort, we offer many helpful services beyond the funeral. In addition to our in-house library of grief literature, information on counseling and support groups is available through our gracious staff.

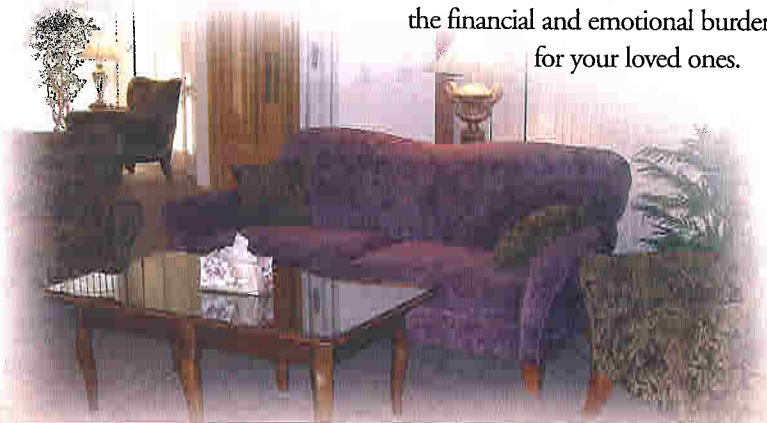

*Family will know it's right  
when it's in writing*

We make countless plans throughout our lives, but planning for a death is usually not one of them. Allowing us to document your wishes can do so much in the way of helping your family get through a difficult time. Your relatives will have the comfort of knowing they carried out your final wishes exactly as you would have wanted. And you can continue living your life knowing that your family will have one less worry at the time of their loss.

Please call to arrange a time to visit about preplanning.

We will show you the many options to lessen  
the financial and emotional burden  
for your loved ones.

*Cremation: A personal choice  
with unlimited memorial possibilities*

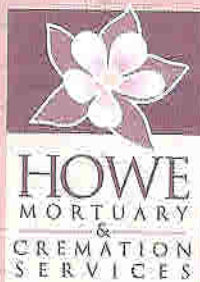

Cremation is a personal choice, one which we understand and accommodate with a variety of service options. Beginning with our on-site crematory, you will have peace of mind knowing that our professionals will take care of the details from start to finish. Incorporating your religious and cultural beliefs as well as your individual tastes, the cremation you want will be the one you receive. We offer a variety of urns for cremated remains and options for personalization, making full-service cremation a definite choice.

*Traditional Burial: Anything but ordinary*

You're an individual, therefore just any ceremony won't do your life justice. Today, traditional burial can be anything but. From a simple ceremony to a celebration of life with music and video, choosing a traditional service allows you to incorporate just about anything, from photographs to personal collections, and anything in between.

*When you want more  
than just standard funeral care...*

Look to us. Our four generations of history and experience will see you through emotional times and difficult decisions. We're here to help. Call us today and gain the insight needed to plan final arrangements.
