Community Action Supporting Helping Hands

Neighborhood Grant Program
Application
Part I

Supporting neighbors working together to improve their community.

The City and County of Broomfield Neighborhood Grant Program was developed to promote neighborhood identity and beautification and create community camaraderie. The grant program can be used to assist with material and equipment costs for physical improvements up to \$2,500 for groups or neighborhoods. The labor for the projects is intended to be performed by a group of volunteers working together towards a common goal. Volunteer groups can be made up of neighbors, local businesses working on a joint project, scout troops, etc.

If you have a project idea, please complete the form below and a staff member will contact you.
