Broomfield Days Zero Waste Volunteer Details

Zero Waste Station Staff

Date: Saturday, September 17th

Time Shifts: 6:30-8:00am, 8:00am-10:30am, 10:30am-1:00pm, 1:00pm-3:30pm, 3:30pm-6:00pm

Volunteers Needed: minimum of 19 per shift, except for 6:30am-8:00am shift which we will need a minimum of 4 for this shift (based on 19 Zero Waste stations at event)

This is an opportunity for organizations looking for exposure and volunteer work within the community. We encourage you to wear company logo shirts and promote business while assisting with our zero waste stations (please no free giveaways). You may create a business sign that can be placed at your station during your volunteer times, and we will have your companies name on a board at the Zero Waste Volunteer Center Booth to let people know that you are helping out. Volunteers are the key to the success of our Zero Waste event!

Depending on the needs of the event planner, you can expect to:

- Help event participants properly dispose of their waste at Zero Waste stations (i.e. educate them on how to sort compostables and commingled containers from trash)
- Aid vendors in determining which items are acceptable to distribute, and helping them sort their materials during break-down
- Monitor Zero Waste stations for contamination (a list of acceptable materials will be provided and a training session will be scheduled prior to the event)
- Swap wheeled carts (the collection bins) at the Zero Waste stations
- Explain the concept of Zero Waste to event participants
- This position isn't too physical, but does require standing and interacting with the public.
- Volunteers will be out in the sun for the majority of the time so please wear sunscreen, hat/visor, sunglasses, comfortable shoes, and a water bottle. We will provide water at the Zero Waste Volunteer Center Booth for you to refill your water bottles.

Also, be advised that there is no rain out day scheduled so you may want to have a jacket and umbrella handy that can be left and retrieved from the Zero Waste Volunteer Center Booth.
