Objective:

This week the children will be learning about the jobs of everyday people. We are fortunate enough to be in a community where the men and woman who serve us are also able to come speak to the children about the jobs they do. We will have speakers from the fire department, animal rescue, Red Cross and more visit throughout the week. The activities presented to the children are reinforcements to what they will learn through the presentations given by our special guests.

REMINDER!!!

It is very important that you sign a permission slip allowing your child to participate in the Community Helpers Week. There is a possibility that your child will leave the classroom premises to view the emergency vehicles, as well as having dogs from the Animal Rescue Organizations within the classroom setting. Please speak to your instructor if you have not already done so.
